

2020 Autumn Bull Sale

***NOTE:
Change of
Date***

Monday 17th February 2020

**12.30pm at our
Naracoorte Complex**

STONEY POINT PERFORMANCE ANGUS

10 STAR ANGUS ASSURANCE

AVERAGE EBV'S EXCEEDED ANGUS BREED

Many of the sale bulls are indexing in top 1% of Angus breed. Using Stoney Point bulls will make sure your herd is right up there for all the critical performance traits, however, we do not compromise on phenotype. All bulls must be structurally sound.

BULLS ZOETIS i50K TESTED

This Genomic enhancing test on bulls where indicated using individual DNA provides extra certainty to the figures of the bull you purchase. It also means they are parent verified and the DNA figures confirm we are ahead of breed average.

BULLS SIRE VERIFIED

STONEY POINT 6 POINT HEALTH ASSURANCE

Surpasses Zoetis 5 Star breeder program.

ACCURATE AND INDEPENDENT MEASURING

All non visual traits are accurately and independently measured by recognised experts.

SEMEN TESTED

To ensure live sperm are delivered, we have semen tested all bulls and only those with more than adequate motility are being offered.

STRUCTURALLY ASSESSED BY INDEPENDENT EXPERTS

Dick Whale has structurally assessed all bulls in the sale.

REPLACEMENT WHERE STRUCTURALLY UNSOUND, INFERTILE OR INCAPABLE OF SERVICE – 1 YEAR BREEDING SEASON GUARANTEE

Any such bull that will be replaced or refunded providing no causal agents post leaving the Stoney Point Performance Angus property.

DEATH COVER

All bulls are insured for death including transit until 20th March 2020 and the insurance can be continued by the purchaser. Your investment is protected.

ANGUS AUSTRALIA

Our Sale Lot catalogue is prepared by Angus Australia. You can be ensured of the accuracy and truth of the figures.

Bulls that DO – Bulls that STAY

WELCOME

Again we are very proud to offer a stellar line-up of carefully crafted and selected bulls based on astute principles of sire selection, data collection and stringent assessment by independent experts. We have left no stone unturned to produce bulls that **DO** and bulls that **STAY**.

Provenance is also a key ingredient to our processes and this year all bulls offered will be sire verified using DNA technology.

This year we introduce some new outstanding sires – Capitalist, Traction, Legend, Status, Chieftain, Innovation, Prosperity and Hallmark as well as old favourites Lovis (his progeny are outstanding), Resource, Emperor and Kicking.

And being Angus, the great attributes of the breed – Marketability, Fertility and Meat Quality – are a given.

Furthering our confidence in the Stoney Point line-up is the feedback on the stayability of our bulls, particularly coming from the harsh droughted areas from the northern areas, where Stoney Point bulls are significantly outlasting others. Not only in the heat, wet and boggy winter conditions have seen our bulls excel as well. They are built **TOUGH**.

But the best news is that out of our 700 cows calved down this year we **DID NOT** have one pull.

FIELD DAY DATE: 10th February 2020 – 10.00am to 4.00pm

BULL SALE DATE: 17th February 2020 at 12.30pm

Contact: Peter Colliver – Stud Manager

Mobile: 0428 723 640

Email: peter@stoneypoint.com.au

Directions: 11km west of Naracoorte on the Lucindale Road
GPS 36 59' 33.59"S 140 37' 10.49"E

Agents: Jono Spence 0427 084 951

Anthony Driessen 0428 838 283

Bulls that DO – Bulls that STAY

SALE INFORMATION

Selling System

Sale will be conducted under auction conditions as posted by the Agents on the day. Selling price will not include GST.

Accommodation

NARACOORTE SALE:

Naracoorte Hotel/Motel (08) 8762 2400

Country Roads Motor Inn (08) 8762 3900

Naracoorte Cottages 0408 810 645

For any other accommodation or travel assistance please contact Peter Colliver 0428 723 640.

AM – NH – CA – DD

All bulls selling are either free of these defects by parentage, or have been tested free. No carrier bulls will be offered for sale.

Johnes Status – the Stoney Point herd is JBAS6.

Delivery

Stoney Point Performance Angus offers free delivery to buyers within a 500km radius of the sale location. Delivery will be co-ordinated immediately after the sale, Any testing requirements for interstate travel, will be at the purchaser's expense. Buyers wishing express delivery of their purchases are encouraged to use their own carriers. All bulls are purchasers risk from the fall of the hammer. Freight assistance is given to those outside the 500km radius, speak to Peter 0428 723 640 for more details.

Registration Status

All bulls selling are either Herd Book Registered (HBR) or Angus Performance Registered (APR) and can be transferred at no cost.

Inspections

Bulls can be inspected from 2 hours before sale. We encourage buyers to inspect the bulls prior to sale. This gives us the opportunity to assist in selection of genetics to best fit your herd.

Rebates

A rebate of 3% is allowed to agents nominating and accompanying buyers to the sale. Agents not meeting the above terms will receive 1% if settling for a client.

Phone Bidding

Phone bidding can be arranged prior to the sale by speaking to the selling agents.

Buyers Instructions

No buyers instruction form is included in the catalogue. Sale Agents prefer their own "Buyers Instructions" cards. All purchasers must complete one of these cards prior to leaving the sale. No verbal instructions will be accepted.

Catering

Refreshments will be available throughout the sale, and we would also like to invite all cattle producers for lunch and get together.

After Sales Service

We offer ongoing support to our clients. All at Stoney Point Performance Angus are available to discuss any aspect of your herd and can be contacted on the numbers listed in this catalogue.

Bulls that DO – Bulls that STAY

Introducing our new Sires:

LD CAPITALIST 316

One of the most highly fancied and talked about bulls in recent years, Capitalist 316 is a bull with impeccable structure that will moderate frame and put loads of thickness and fleshing ability into his progeny without sacrificing carcase merit. He was one of the standout bulls inspected on tour in 2017.

ASCOT HALLMARK H147

A sample package of 10 straws of Hallmark was purchased by Stud Principal Perry Gunner at the 2017 Angus Foundation Auction. He is a sire that without fail adds frame, incredible length, easy fleshing and exceptional performance.

VAR LEGEND 5019

A sample package of 10 straws of Legend was purchased by Stud Principal Perry Gunner at the 2017 Angus Foundation Auction, from that he produced 7 calves, the first to be born in Australia. We have since continued with sexed female semen noting the superior maternal pedigree of this bold ribbed and square hipped Discovery son. One son has been retained for stud duties.

SAV PROSPERITY 9131

Obtaining the last 23 straws available in Australia, Prosperity was selected as a power sire to transmit scale crushing growth and length into selected cows in the herd. And he has not let us down with some superb progeny produced from limited use.

VBR CHIEFTAIN 3W21

Chieftain is royally bred to make power cows with War Party, New Day 454 and TC Total 410 packed into his pedigree. A bull that is a solid all-rounder that is leaving a positive mark on the herd with outstanding daughters in production. He was used extensively over heifers with positive calving ease and short gestation length.

JMB TRACTION 292

Traction is an out-cross sire selected for his balanced data, his sons are thick meaty bulls loaded with flesh, capacity and shape.

KR STATUS 4267

Status was the top selling sire of the 2015 Krebs Ranch Bull Sale Topping at \$145,000. He exhibits added growth, performance and muscularity whilst retaining free movement and soundness of structure. His dam is one of Krebs top donors and when inspected in 2017 was moderate in frame with a great top line, fantastic udder attachment and teat placement. He has seen limited use due to limited semen availability. A Status son has been retained for stud duties.

MAR INNOVATION 251

Innovation offers incredible body, length and added dimension coupled with docility and structure improvement, an all-rounder with fantastic cow maker written all over him. His daughters are standouts in every drop that we have used him in to-date.

SALE LOTS

Lot 1 STONEY POINT PSYCHIC P229# (HBR) SYAP229

DOB: 20/07/2018

AMFU,CAFU,DDFU,NHFU

WERNER WAR PARTY 2417#

Sire: USA17733575 VBR CHIEFTAIN 3W21^{PV}

VBR 1ND9 OF 611 NEW DAY#

MATAURI REALITY 839#

Dam: SGMK250 STONEY POINT MAXINE K250#

STONEY POINT MAXINE B157#

Notes: What a cracker to start the sale, P229 is a maternal brother to last spring's sale topper, Psychic has real sire appeal and a presence about him. He possesses a stellar spread of number and would be an asset in any herd. He ranks above average for all but 5 traits and in the top 10% for GL, 200, 400, 600 DWT, DTC, CWT, Rib & Rump Fat and 3 of the 4 Index values.

JMB EMULOTA 013[#]

MILLAH MURRAH EQUATOR D78^{PV}

Dam: SWAJ51 COORONG AMBROSIA J51[#]

RENNYLEA F318[#]

Notes: Permane is a moderate birth, high growth Traction son with sound structure data and a top set of figures. He ranks above average for all but 3 traits and in the top 35% for 8 traits and 3 of the 4 Index values. Please note he had a grass seed removed from his eye at lotting up so may have some residual scarring (not pink eye).

Dam: VCCM245 COOLANA ERICA M245[#]

COOLANA JUANA ERICA F161[#]

Notes: Passion is a sleep easy curvebender by Up River. He is moderate in frame with adequate muscle and positive doing ability, he had a bit of a rough patch for a while, resulting in a late cataloguing so may be one to watch towards the end of the sale. He ranks in the top 15% for all calving ease traits, Milk and SS.

MATING ASSURANCE

A working fertile bull in a well managed cow herd is our mutual aim. We strive to do our part in presenting bulls for sale by implementing stringent pre-sale procedures.

These involve:

1. Physical examination
2. Semen testing to ensure more than adequate motility of semen
3. Feeding a fertility ration in the weeks leading up to the sale.

In addition we provide the Stoney Point Guarantee as follows:

The Stoney Point Guarantee

All Stoney Point Performance Angus Bulls are backed by a 1 breeding season guarantee. In the event of a bull proving to be infertile, or incapable of natural service within 1 breeding seasons or 12 months (whichever comes first) of the purchase date, the vendor will credit the purchase price less the salvage value of the bull, provided the problem is not caused by injury or disease incurred since taking delivery.

Any claims must be made within 48 hours of occurrence and be accompanied by a relevant veterinary certificate.

The vendor reserves the right to obtain an independent veterinary assessment to confirm any claim.

It should be noted this guarantee is **NOT a substitute for the proper care of your bull.**

The sale day is not the end of the bull's life and caring for your bull post sale is still an important process:

1. Upon arrival ensure your bull is properly socialised
2. Pre-joining – reassess the bull for any injuries or issues likely to impact its performance with your cows – keep up the vaccinations
3. At joining, limit numbers to be served by a new bull and rotate if possible. Best results are obtained with multiple matings rather than single matings
4. Always monitor your bull and cows. Look for injuries or higher than expected numbers of cows still cycling after 3 weeks of joining
5. Post-joining re-socialise in a suitable paddock with adequate good quality feed but don't overdo the condition of your bull.

Insurance – we provide death including transit insurance to get your bull home for a few weeks after the sale. If you want to extend this cover or in fact include loss of use, your stock agent can help or contact us.

After Sales Service – at all times feel free to contact us with any concerns or further information for your bull.

HEALTH ASSURANCE PROGRAM

**This Program exceeds the Standard set out by
the Zoetis 5 Star Breeder Program.**

7 in 1

Ultravac 7 in 1 prevents spread of Leptospirosis (which can affect humans) and protects against Clostridial diseases (blackleg, Tetanus, pulpy kidney, black disease and Malignant oedema).

Pestivirus

Pestivirus is a highly contagious virus that reduces conception and pregnancy rates and results in poor growth rates of PI cattle. We treat all our Bulls with Pestiguard.

Ear Notch

Our Bulls are ear-notched and tested by Swan Veterinary Services to ensure they are free of Pestivirus.

Vibrosis

Vibrosis is the hidden STD and a major cause of infertility and abortion. It is spread by infected bulls and is controlled by Vibrovax.

MH/IBR

Whilst Bovine Respiratory Disease is mostly a feedlot issue it can occur in your herd and causes morbidity and mortality. Bovishield ensures your purchased bull has immunity.

Parasites

Dectomax pre-sale ensures our Bulls are free of parasites at sale date.

**Remember – boosters are required for 7:1, Pestiguard and Vibrovax.
All Are Due 1/12/20**

Embryo Transfer

WHY ET?

ET (Embryo Transfer) is a technique to produce multiple offspring from a particular elite donor cow to achieve rapid genetic gain. Undoubtedly the technique achieves this objective and justifies the costs associated.

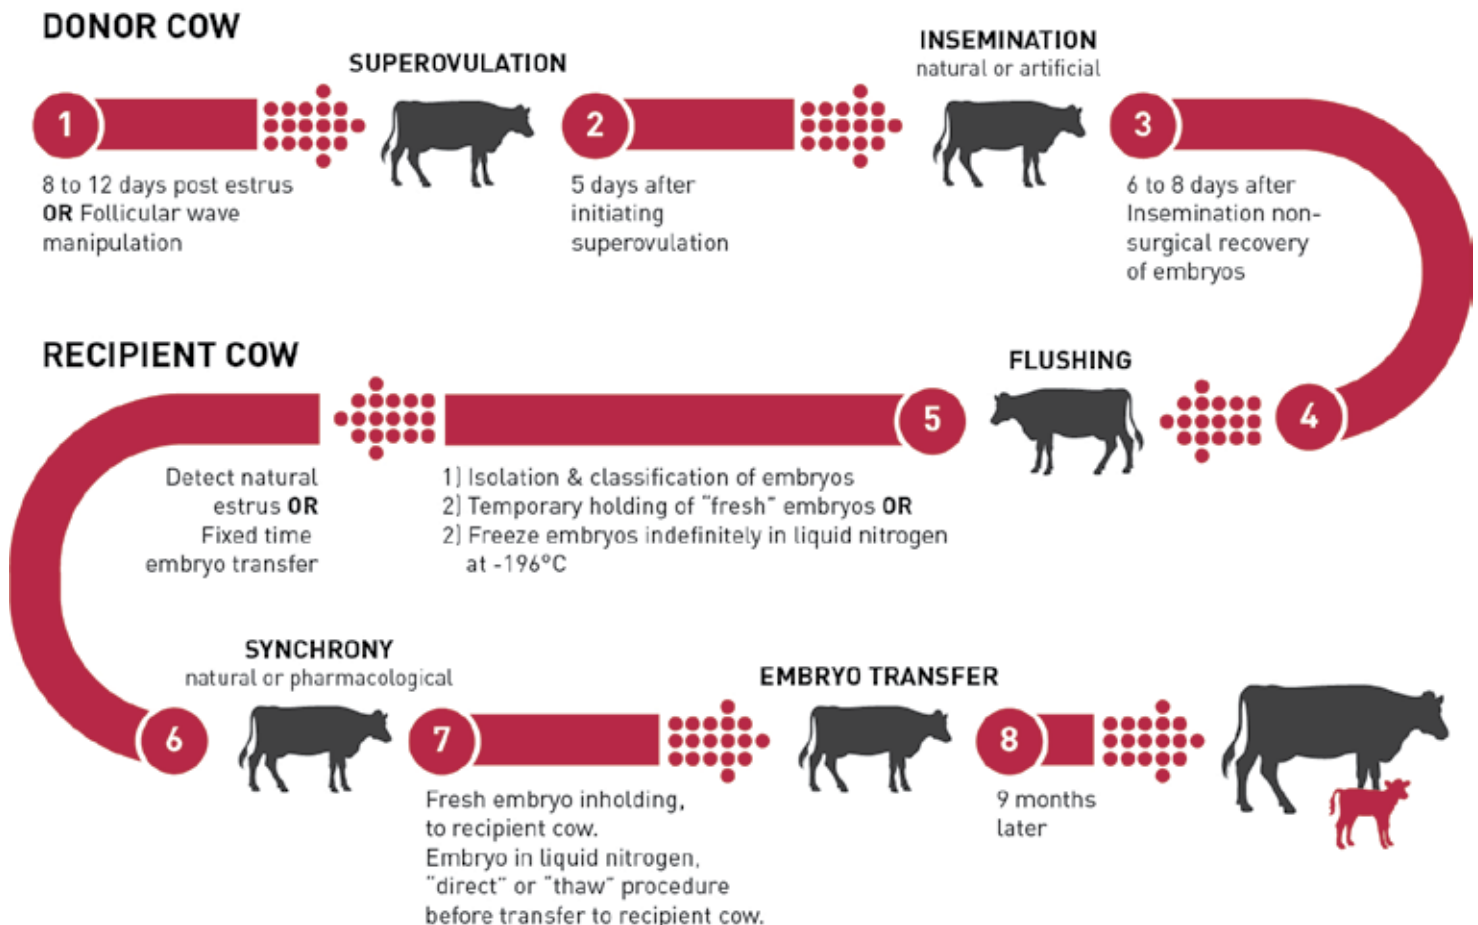

At STONEY POINT we see the major advantage of ET being preservation of high performance genetics by producing an embryo bank from the great donors.

A cow produces 150,000 eggs in her lifetime but probably on average only 8 natural calves. Given it may take a number of generations before the worth of a cow's progeny can be truly proven, the donor cow by then has reached a certain age and also for her heifers also to produce outstanding progeny themselves. Further, the longevity of a cow – whether she retains fertility and structural soundness also takes time to prove. So a truly elite donor may be 8 or more years of age before she is absolutely proven – NOT MANY NATURAL CALVES LEFT BY THEN.

This is where ET plays its part at STONEY POINT.

Our donor cow, Skye H233, is a case in point. She has great figures. Her son Lovis L178 now has calves on the ground and they are truly outstanding. Her daughter M253 looks great. It is time to get an embryo bank for the future out of her as she is now an 8 year old cow.

Previously we have had great donors Yankee Queen X65 and Dream B298 and Dream F302 that now have progeny that are proliferating throughout our herd. These cows have been flushed late into their life – X65 as a 16 year old with outstanding results and we now have 5th generation descendants in the STONEY POINT herd and these are standouts.

Important Notice for Purchasers

~ SALE CATALOGUE DISCLAIMER ~

All reasonable care has been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendor nor the selling agents make any other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in this catalogue. You are encouraged to seek independent verification of any information contained in this catalogue before relying on such information.

~ DNA PATERNITY VERIFICATION ~

It is a requirement of Angus Australia that all bulls used to sire calves for registration in the Angus Australia Herd Book Register, Red Angus Register or Angus Performance Register must have been DNA paternity verified if they are born in or after the 'Y' year (2003). Buyers intending to use bulls listed in this catalogue to produce calves to be registered in these registers should obtain DNA paternity verification on those bulls before they are used for breeding.

~ PRIVACY INFORMATION ~

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must advise Angus Australia.

BUYER'S OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO THE ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its databases and disclosing that information to its members on its website.

I, the buyer of animals with the following registration numbers

..... *from member*

..... *(name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the following animal(s) that I have purchased, maintaining its databases and disclosing that information to its members on its website.*
