

2020 Spring Bull Sale

PLEASE NOTE

Due to COVID-19 restrictions, arrangements may change.

Please check our website: www.stoneypoint.com.au

REMEMBER you can find us on **AUCTIONS PLUS**

Wednesday 9th September 2020

**1.00pm at our Grange Complex
Clifton Road, Hamilton, Victoria**

STONEY POINT PERFORMANCE ANGUS

10 STAR ANGUS ASSURANCE

AVERAGE EBV'S EXCEEDED ANGUS BREED

Many of the sale bulls are indexing in top 1% of Angus breed. Using Stoney Point bulls will make sure your herd is right up there for all the critical performance traits, however, we do not compromise on phenotype. All bulls must be structurally sound.

BULLS ZOETIS i50K TESTED

This Genomic enhancing test on bulls where indicated using individual DNA provides extra certainty to the figures of the bull you purchase. It also means they are parent verified and the DNA figures confirm we are ahead of breed average.

BULLS SIRE VERIFIED

STONEY POINT 6 POINT HEALTH ASSURANCE

Surpasses Zoetis 5 Star breeder program.

ACCURATE AND INDEPENDENT MEASURING

All non visual traits are accurately and independently measured by recognised experts.

SEMEN TESTED

To ensure live sperm are delivered, we have semen tested all bulls and only those with more than adequate motility are being offered.

STRUCTURALLY ASSESSED BY INDEPENDENT EXPERTS

Dick Whale has structurally assessed all bulls in the sale.

REPLACEMENT WHERE STRUCTURALLY UNSOUND, INFERTILE OR INCAPABLE OF SERVICE – 1 YEAR BREEDING SEASON GUARANTEE

Any such bull that will be replaced or refunded providing no causal agents post leaving the Stoney Point Performance Angus property.

DEATH COVER

All bulls are insured for death including transit until 19th June 2020 and the insurance can be continued by the purchaser. Your investment is protected.

ANGUS AUSTRALIA

Our Sale Lot catalogue is prepared by Angus Australia. You can be ensured of the accuracy and truth of the figures.

Bulls that DO - Bulls that STAY

WELCOME

Spring is in the air and we are proud to present a line up of bulls ready to spring into action.

It is always interesting to observe how our bulls keep on getting *Better and Better*.

However, this is what selection is all about,
selecting the right bulls,
culling the non performing cows,
always looking for improvement.
This applies to all herds – stud or commercial.

We believe this Spring Sale offers bulls that will allow you to make the right selection and head towards better outcomes, and of course, bottomline improvement.

We look forward to you joining us on **Sale Day at Hamilton** we will also be online through **Auctions Plus**.

SALE INFORMATION

Selling System.

Sale will be conducted under auction conditions as posted by the Agents on the day. Selling price will not include GST.

Accommodation

HAMILTON SALE:

Comfort Inn Botanical Hamilton (03) 5572 1855

Best Western Hamilton (03) 5572 4055

Comfort Inn Grange Burn (03) 5572 5755

For any other accommodation or travel assistance please contact Peter Colliver 0428 723 640.

AM – NH – CA – DD

All bulls and cows selling are either free of these defects by parentage, or have been tested free. No carrier bulls will be offered for sale.

Johnes Status – the Stoney Point herd is JBAS6.

Delivery

Stoney Point Performance Angus offers free delivery to buyers within a 500km radius of the sale location. Delivery will be co-ordinated immediately after the sale, Any testing requirements for interstate travel, will be at the purchaser's expense. Buyers wishing express delivery of their purchases are encouraged to use their own carriers.

All bulls and cows are purchasers risk from the fall of the hammer.

Freight assistance is given to those outside the 500km radius, speak to Peter 0428 723 640 for more details.

Registration Status

All bulls and cows selling are either Herd Book Registered (HBR) or Angus Performance Registered (APR) and can be transferred at no cost.

Inspections

Bulls and cows can be inspected from 2 hours before sale. We encourage buyers to inspect the cattle prior to sale. This gives us the opportunity to assist in selection of genetics to best fit your herd.

Rebates

A rebate of 3% is allowed to agents nominating and accompanying buyers to the sale. Agents not meeting the above terms will receive 1% if settling for a client.

Phone Bidding

Phone bidding can be arranged prior to the sale by speaking to the selling agents.

Buyers Instructions

No buyers instruction form is included in the catalogue. Sale Agents prefer their own "Buyers Instructions" cards. All purchasers must complete one of these cards prior to leaving the sale. No verbal instructions will be accepted.

Catering

Refreshments will be available throughout the sale, and we would also like to invite all cattle producers for lunch and get together.

After Sales Service

We offer ongoing support to our clients. All at Stoney Point Performance Angus are available to discuss any aspect of your herd and can be contacted on the numbers listed in this catalogue.

Insurance

Bulls are insured for death including transit until 4th October 2019.

Bulls that DO - Bulls that STAY

OUR BREEDING PHILOSOPHY

Many Studs wax lyrical, use big words from the text book to describe their Breeding Philosophy. It can be long winded and hard to grasp.

At Stoney Point we keep it simple:

We breed bulls that **DO**
We breed bulls that **STAY**

BULLS THAT DO deliver the genetics to your herd that:

- Ensures your cows get in calf, then calve down unassisted, raise a calf that grows and grows producing lots of high quality meat and both the bull and cows remain healthy and fertile.
- Produce a no nonsense docile herd whose offspring are sought by feedlotters and processors.

BULLS THAT STAY or are durable ensures your purchased bull:

- Possesses structural soundness with great feet and legs and superb udders in his female offspring.
- Retains his softness, style and shape and breeds to type.
- Is a great all round performer – ticks all the boxes.

It is all about breeding Real Angus – like they should be, loaded with ***Superior Fertility and Capability*** ensuring our clients herds are efficient, producing the highest quality meat.

Bulls that DO - Bulls that STAY

WHY USE YEARLING BULLS?

THEY ARE BECOMING POPULAR

Yearling bulls allow breeders to extend the working life of their bull battery as well as introducing superior genetic material earlier resulting in faster genetic gain. They tend also to be more athletic and less prone to breakdowns and adapt more readily to a new environment.

YEARLING BULLS ARE IDEAL TO USE OVER HEIFERS

WHY ARE YEARLING BULLS DIFFERENT?

Yearling bulls are still growing and are leaner i.e. carry less fat reserves. They therefore require good nutrition and to be used over lower numbers of females say 25–30. They should not be mated with older bulls.

ARE YEARLING BULLS SEXUALLY MATURE?

Bulls begin to reach sexual maturity from about 8 months of age and by 12 months all should have attained this status provided testicles are 32 cm or more. They perform better in multiple joinings with other yearling bulls as they tend to be keen and an audience seems to spur them on to greater levels of exuberance.

AT STONEY POINT PERFORMANCE ANGUS WE USE A NATURAL TECHNOLOGY THAT PRODUCES HIGH QUALITY, HUMAN EDIBLE PROTEIN, DERIVED FROM SOLAR ENERGY LOCKED WITHIN HUMAN INEDIBLE PLANTS. THE TECHNOLOGY PRODUCES A NATURAL ORGANIC FERTILISER AND IS MOBILE AND DOES NOT REQUIRE FOSSIL FUELS.

THE TECHNOLOGY SELF REPLICATES

THE TECHNOLOGY IS BETTER KNOWN AS BREEDING ANGUS CATTLE

Bulls that DO - Bulls that STAY

MATING ASSURANCE

A working fertile bull in a well managed cow herd is our mutual aim. We strive to do our part in presenting bulls for sale by implementing stringent pre-sale procedures.

These involve:

1. Physical examination
2. Semen testing to ensure more than adequate motility of semen
3. Feeding a fertility ration in the weeks leading up to the sale.

In addition we provide the Stoney Point Guarantee as follows:

The Stoney Point Guarantee

All Stoney Point Performance Angus Bulls are backed by a 1 breeding season guarantee. In the event of a bull proving to be infertile, or incapable of natural service within 1 breeding seasons or 12 months (whichever comes first) of the purchase date, the vendor will credit the purchase price less the salvage value of the bull, provided the problem is not caused by injury or disease incurred since taking delivery.

Any claims must be made within 48 hours of occurrence and be accompanied by a relevant veterinary certificate.

The vendor reserves the right to obtain an independent veterinary assessment to confirm any claim.

It should be noted this guarantee is **NOT a substitute for the proper care of your bull.**

The sale day is not the end of the bull's life and caring for your bull post sale is still an important process:

1. Upon arrival ensure your bull is properly socialised
2. Pre-joining – reassess the bull for any injuries or issues likely to impact its performance with your cows – keep up the vaccinations
3. At joining, limit numbers to be served by a new bull and rotate if possible. Best results are obtained with multiple matings rather than single matings
4. Always monitor your bull and cows. Look for injuries or higher than expected numbers of cows still cycling after 3 weeks of joining
5. Post-joining resocialise in a suitable paddock with adequate good quality feed but don't overdo the condition of your bull.

Insurance – we provide death including transit insurance to get your bull home for a few weeks after the sale. If you want to extend this cover or in fact include loss of use, your stock agent can help or contact us.

After Sales Service – at all times feel free to contact us with any concerns or further information for your bull.

HEALTH ASSURANCE PROGRAM

**This Program exceeds the Standard set out by
the Zoetis 5 Star Breeder Program.**

7 in 1

Ultravac 7 in 1 prevents spread of Leptospirosis (which can affect humans) and protects against Clostridial diseases (blackleg, Tetanus, pulpy kidney, black disease and Malignant oedema).

Pestivirus

Pestivirus is a highly contagious virus that reduces conception and pregnancy rates and results in poor growth rates of PI cattle. We treat all our Bulls with Pestiguard.

Ear Notch

Our Bulls are earnotched and tested by Swan Veterinary Services to ensure they are free of Pestivirus.

Vibrosis

Vibrosis is the hidden STD and a major cause of infertility and abortion. It is spread by infected bulls and is controlled by Vibrovax.

MH/IBR

Whilst Bovine Respiratory Disease is mostly a feedlot issue it can occur in your herd and causes morbidity and mortality. Bovishield ensures your purchased bull has immunity.

Parasites

Dectomax presale ensures our Bulls are free of parasites at sale date.

**Remember – boosters are required for 7:1, Pestiguard and Vibrovax.
All Are Due 14.8.20**

Bulls that DO - Bulls that STAY

Important Notice for Purchasers

~ SALE CATALOGUE DISCLAIMER ~

All reasonable care has been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendor nor the selling agents make any other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for the use or interpretation of the information included in this catalogue. You are encouraged to seek independent verification of any information contained in this catalogue before relying on such information.

~ DNA PATERNITY VERIFICATION ~

It is a requirement of Angus Australia that all bulls used to sire calves for registration in the Angus Australia Herd Book Register, Red Angus Register or Angus Performance Register must have been DNA paternity verified if they are born in or after the 'Y' year (2003). Buyers intending to use bulls listed in this catalogue to produce calves to be registered in these registers should obtain DNA paternity verification on those bulls before they are used for breeding.

~ PRIVACY INFORMATION ~

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must advise Angus Australia.

BUYER'S OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO THE ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its databases and disclosing that information to its members on its website.

I, the buyer of animals with the following registration numbers

..... from member

..... (name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the following animal(s) that I have purchased, maintaining its databases and disclosing that information to its members on its website.

Signature:

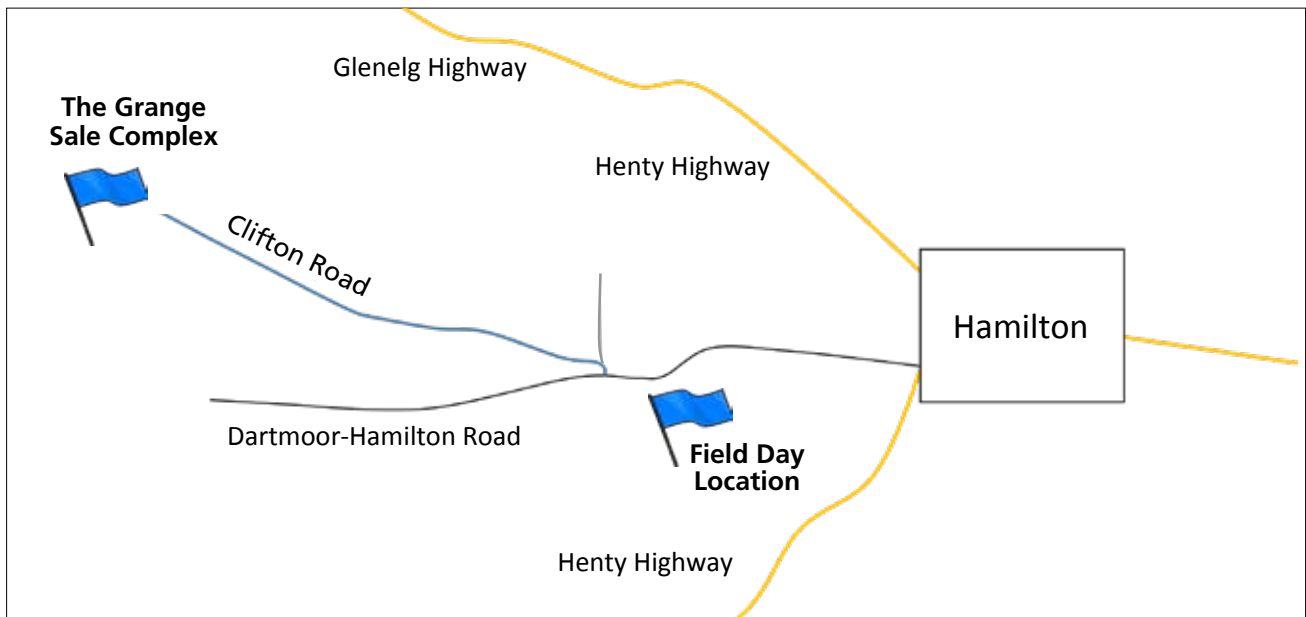

Date:

Please forward this completed consent form to Angus Australia, Glen Innes Road, Locked Bag 11, Armidale NSW 2350. If you have any queries, please telephone 02 6772 3011 or e-mail office@angusaustralia.com.au.

AGRI-VET

FERTILITY PLUS®

Success is the Answer – Increase Your Fertility

THE PROOF IS IN THE RESULTS IN DAIRY & BEEF HERDS THROUGHOUT AUSTRALIA

Agri-Gene Pty Ltd

p: 03 5722 2666 f: 03 5722 2777 e: info@agrigene.com.au www.agrigene.com.au

A specially designed, cost effective, specialized, unique, waterproof mineral and vitamin including a higher content of essential elements, Selenium and Magnesium to supplement as a loose mix or through mineral dispensers to enhance the performance of all classes of cattle.

COMPARE THE ANALYSIS - FERTILITY PLUS

- > Increases Fertility in both Dairy & Beef Breeds
- > Improves Weight Gain & Maturity in Dairy & Beef Young Stock
- > Assists Grass Tetany and Metabolic Conditions
- > Self Limiting - Balancing Mineral Requirements
- > Unique Waterproofing Process
- > Improves your profits - More Cows in Calf
- > Cost Effective 12-19 Cents Per Cow Per Day
- > Increases Milk Yields - Lowers Somatic Cell Counts
- > Can be fed through Feed Systems at 30 Grams Per Cow Per Milking

Fertility Plus is readily available through:

All A.I. Resellers, Murray Goulburn Trading stores, Landmark Stores and all leading Rural Stores throughout Australia.
