2023 Autumn Bull Sale

Monday 13th February 2023

12.30pm at our Naracoorte Complex

AuctionsPlus

STONEY POINT PERFORMANCE ANGUS

11 STAR ANGUS ASSURANCE

AVERAGE EBV'S EXCEEDED ANGUS BREED

Many of the sale bulls are indexing in top 10% of Angus breed. Using Stoney Point bulls will make sure your herd is right up there for all the critical performance traits, however, we do not compromise on phenotype. All bulls must be structurally sound.

BULLS GENOMICALLY TESTED

This Genomic enhancing test on bulls where indicated using individual DNA provides extra certainty to the figures of the bull you purchase. It also means they are parent verified and the DNA figures confirm we are ahead of breed average.

BULLS SIRE VERIFIED

STONEY POINT 6 POINT HEALTH ASSURANCE

Surpasses Zoetis 5 Star breeder program.

ACCURATE AND INDEPENDENT MEASURING

All non visual traits are accurately and independently measured by recognised experts.

SEmen TESTED

To ensure live sperm are delivered, we have semen tested all bulls and only those with more than adequate motility are being offered.

STRUCTURALLY ASSESSED BY INDEPENDENT EXPERTS

Dick Whale has structurally assessed all bulls in the sale.

REFUND WHERE STRUCTURALLY UNSOUND, INFERTILE OR INCAPABLE OF SERVICE – 1 YEAR BREEDING SEASON GUARANTEE

Any such bull that will be refunded providing no causal agents post leaving the Stoney Point Performance Angus property.

PASTURE FED ONLY

Our bulls are raised on pasture only so there is no gain from grain.

ANGUS AUSTRALIA

Our Sale Lot catalogue is prepared by Angus Australia. You can be ensured of the accuracy and truth of the figures.

PROVEN

Feedback from clients confirms that Stoney Point Bulls DO and STAY and produce feedlot performing progeny.

SAVING THE BEST TO LAST

WELCOME

They often tell us “Save the Best to Last” and “Go out on a High Note” and we will certainly be doing both of those at our **MEGA SUNSET Autumn Bull Sale** on 13th February 2023 at Naracoorte (and on Auctions Plus) where we will again line up the best bulls in living memory.

We are very proud of this years’ bulls, being mostly from elite retained heifers and heavily selected for calving ease, fertility and growth along with carcase merit to ensure we have done what we were told.

Sires represented this year include Moe, 38 Special, Momentous, Enhance, SS Niagara, Everest and Exclusive.

The bulls have been **Grass Fed Only** to ensure retention of structure and fertility.

Our clients keep telling us – “Your bulls certainly DO and STAY” This year we are also happy to introduce **Bayview Angus** who have 10 lots in the sale.

More information on their stud is included later in the catalogue.

SAVING THE BEST TO LAST

A BIG THANK YOU

As a seedstock producer, you are running a complex business of many and varied tasks, very reliant on the support of others to whom

we express our sincerest thank you. We can't name them all – it would require a separate catalogue but some need a special thanks.

Firstly to our clients for their support and encouragement. We would have ended up with paddocks full of bulls without your purchases.

To all of the staff involved over the years, particularly Peter who created our 'proud to own' elite Angus herd with a special callout to Corina who set up the administration and Ian and Mark for staying on to see us through the majority of our exit process.

Without expert technicians a stud will not succeed nor in fact survive. So much gratitude to Dick Whale, Ian Moreland, Mike Boerema, Ben Glatz, Chris Saunders and David Pegler – with a special memory of the late David Plant.

Golden tonsils are the key on sale day – Jono and Gordon you excelled with help from your Spence Dix and Nutrien associates on the rostrum as well as in the field canvassing clients.

To all those who herded up cattle on sale day, cooked BBQ's, helped clean up, maintained lawns, exterminated the 2 tiger snakes in the shed - again a big thanks.

Angus Australia for their service and support.

Darren at Centreprint for your skills and patience.

And to my family for not only helping but putting up with what is a pretty big distraction in life.

So thanks to all – you made it very enjoyable and worthwhile.

Perry

SAVING THE BEST TO LAST

SALE INFORMATION

Selling System

Sale will be conducted under auction conditions as posted by the Agents on the day. Selling price will not include GST.

Accommodation

NARACORTE SALE:

Naracoorte Hotel/Motel (08) 8762 2400
Country Roads Motor Inn (08) 8762 3900
Naracoorte Cottages 0408 810 645
For any other accommodation or travel assistance please contact Peter Colliver 0428 723 640.

AM – NH – CA – DD

All bulls selling are either free of these defects by parentage, or have been tested free. No carrier bulls will be offered for sale.

Johnes Status – the Stoney Point herd is JBAS6.

Delivery

Stoney Point Performance Angus offers free delivery to buyers within a 500km radius of the sale location. Delivery will be co-ordinated immediately after the sale. Any testing requirements for interstate travel, will be at the purchaser's expense. Buyers wishing express delivery of their purchases are encouraged to use their own carriers.

All bulls are purchasers risk from the fall of the hammer. Freight assistance is given to those outside the 500km radius, speak to Peter 0428 723 640 for more details.

Registration Status

All bulls selling are either Herd Book Registered (HBR) or Angus Performance Registered (APR) and can be transferred at no cost.

Inspections

Bulls can be inspected from 2 hours before sale. We encourage buyers to inspect the bulls prior to sale. This gives us the opportunity to assist in selection of genetics to best fit your herd.

Rebates

A rebate of 3% is allowed to agents nominating and accompanying buyers to the sale. Agents not meeting the above terms will receive 1% if settling for a client.

Phone Bidding

Phone bidding can be arranged prior to the sale by speaking to the selling agents.

Buyers Instructions

No buyers instruction form is included in the catalogue. Sale Agents prefer their own "Buyers Instructions" cards. All purchasers must complete one of these cards prior to leaving the sale. No verbal instructions will be accepted.

Catering

Refreshments will be available throughout the sale, and we would also like to invite all cattle producers for lunch and get together.

After Sales Service

We offer ongoing support to our clients. All at Stoney Point Performance Angus are available to discuss any aspect of your herd and can be contacted on the numbers listed in this catalogue.

MATING ASSURANCE

A working fertile bull in a well managed cow herd is our mutual aim. We strive to do our part in presenting bulls for sale by implementing stringent pre-sale procedures.

These involve:

1. Physical examination
2. Semen testing to ensure more than adequate motility of semen
3. Feeding a fertility ration in the weeks leading up to the sale.

In addition we provide the Stoney Point Guarantee as follows:

It should be noted this guarantee is NOT a substitute for the proper care of your bull.

The sale day is not the end of the bull's life and caring for your bull post sale is still an important process:

1. Upon arrival ensure your bull is properly socialised
2. Pre-joining – reassess the bull for any injuries or issues likely to impact its performance with your cows – keep up the vaccinations
3. At joining, limit numbers to be served by a new bull and rotate if possible. Best results are obtained with multiple matings rather than single matings
4. Always monitor your bull and cows. Look for injuries or higher than expected numbers of cows still cycling after 3 weeks of joining
5. Post-joining resocialise in a suitable paddock with adequate good quality feed but don't overdo the condition of your bull.

After Sales Service – at all times feel free to contact us with any concerns or further information for your bull.

The Coorong

THE CLL FACTOR

The **CLL FACTOR** as we call it, refers to the Coorong and Lower Lakes.

Our property is jammed between the Coorong and Lake Albert, only a few hundred metres from the Great Southern Ocean.

This environment provides us with a cool maritime climate with the Coorong doctor arriving early afternoon that dramatically reduces temperatures in summer and we never exceed heat load levels even during the hottest of summer months.

In winter the sea mass keeps frosts at bay and pastures growing.

Our soils are calcareous deep sands with plenty of limestone which are wonderful for bone development. Lucerne and veldt grass grow prolifically with annual grasses bulking up the feed base in winter.

Our cows and their calves lead a stress free life with little in the way of health issues – *ideal growing out conditions*.

Having sandy soils means a real focus on feet, we can't hide any issues and must apply constant and earnest diligence to feet and in fact all structural parameters.

SAVING THE BEST TO LAST

BAYVIEW SHORTHORNS ANGUS

Since purchasing the Stoney Point Complex in May 2021 the idea of carrying on the commercially focused genetics that had been the foundation of the Stoney Point Angus herd really resonated with us. Our focus at Bayview in our 50 years of breeding Shorthorns has always been to produce the traits in our seedstock that have made our clients continue to support our breeding program and as such to grow our business model we started purchasing the high-end genetics from the Stage 1 Stoney Point dispersal. We then added to this in the second stage dispersal the following year and now have a tremendous foundation herd to start our Angus journey.

The bulls we have on offer at this years Sale are from cows purchased PTIC with sire lines that have performed well in the Angus industry and have had all relevant weight and scan data collected throughout their lives as well as genomic testing.

Their contemporary group has been run with our Shorthorns making a mob of 60 Autumn drop bulls with minimal supplementary feeding due to the good season we have experienced and we are proud of the first group of Angus bulls we have to offer.

We look forward to meeting new breeders in the Angus community and working with new clients to grow their business using our genetics.

We also thank Perry for the opportunity to grow our business in Angus genetics along with allowing us to be part of his final dispersal, and Peter Colliver for his knowledge that has been passed onto us and his help in selecting the genetics we have purchased.

Our journey will continue in years to come with a foundation Stoney Point herd and the additions of a selection of genetics along the same format that has been the foundation of our successful Shorthorn herd.

All Bayview bulls in this catalogue are sold under the catalogue Terms and Conditions. Bayview herd is JBAS 8.

We look forward to having our stand-alone Angus and Shorthorn Sale in February 2024 and being part of working with a client base and assisting them in their breeding programs.

From
The Thompson Family

(Chris, Anissa, Alexandra, James, Luke,
Kevin and Pam)

Notes: With all but 3 traits above breed average Superior certainly lives up to his name in regards to his data spread. He is a young bull ideal for heifer mating's with his exceptional curve-bending heifer bull data. He ranks in the top 12% for CEDir, CEDtrs, 400 DWT, SS, FA, CS and top 35% for GL, BWT, 200, 600 DWT, DTC and CWT.

Lot 66

STONEY POINT SUNSET S035^{PV}

AMFU,CAFU,DDFU,NHFU

**SYA21S035
HBR**

Date of Birth: 03/06/2021

Mating Type: AI

LD CAPITALIST 316^{PV}
SIRE: USA18130471 MUSGRAVE 316 EXCLUSIVE^{PV}
 MUSGRAVE PRIM LASSIE 163-386#
 KR STATUS 4267#
DAM: SYAQ936 STONEY POINT YANKEE QUEEN Q936^{PV}
 STONEY POINT YANKEE QUEEN K197^{PV}

Notes: Stud producers take note Sunset S035 is my pick of the Exclusive 316 calves and is a stellar bell curve bender, yet he retains impressive muscle mass and has a balanced spread of numbers, backed up by the highly fancied Yankee Queen cow family he is not one to be overlooked. He ranks above average for all but 4 traits and Indexes and in the top 20% for CEDir, CEDtrs, BWT, 200, 400, 600 DWT, Milk, SS, CWT, CS, FA and LA. A fitting bull to conclude the Stoney Point Bull Sales.

the Zoetis 5 Star Breeder Program.**

7 in 1

Ultravac 7 in 1 prevents spread of Leptospirosis (which can affect humans) and protects against Clostridial diseases (blackleg, Tetanus, pulpy kidney, black disease and Malignant oedema).

Pestivirus

Pestivirus is a highly contagious virus that reduces conception and pregnancy rates and results in poor growth rates of PI cattle. We treat all our heifers with Pestiguard.

Pasture Fed

Pasture fed to preserve fertility. Fed Fertility Plus

Vibrosis

Vibrosis is the hidden STD and a major cause of infertility and abortion. It is spread by infected animals and is controlled by Vibrovax.

MH/IBR

Whilst Bovine Respiratory Disease is mostly a feedlot issue it can occur in your herd and causes morbidity and mortality. Bovishield ensures your purchased animal has immunity.

Parasites

Dectomax presale ensures our stock are free of parasites at sale date.

Important Notice for Purchasers

DISCLAIMER AND PRIVACY INFORMATION

Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

: DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

.....

BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents.....

.....

from member.....(name) do not consent to Angus Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Name: Signature:

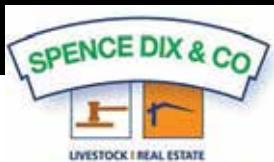

Date:

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350.

.....
